GEORGIA FUGITIVE FROM JUS-TICE ARRESTED HERE.

A woman's inability to read, and her inability to keep a secret was the means of causing the undoing of Charles Harris, a colored fugitive from justice in Georgia, where he was wanted at Rome, Georgia, for the killing of a white farmer named

George Pierce, on April 5. Shortly after the killing Harris fled and made his way as far as Paris, where he secured a position with Mr. A. D. Sant, who has the contract for building the new sewer system for the city. Harris wrote a letter to a woman in Rome, Georgia, advising of his presence here, and warning her not to divulge anything of his whereabouts to anyone in that city: The woman could not read, and took the letter to another woman, who in turn informed the Sheriff of the county. A deputy was sent to the woman's home, and asked for the letter. Telling her it was simply some advertising matter, the deputy retained the letter. Two police officlais from Rome were sent to Paris, and securing the assistance of the local police, they soon located Harris Hall, and Chief of Police Link and you lift it right out. Yes, magic! guilt, but afterward told the officials soreness or irritation.

Harris, in charge of the two Geor-gia officers, was returned to Rome. A reward of 3275 offered for his apprehension, will be divided between Chief of Police Link and Patrolman Lusk.

and comfort than the policeman who is on his feet all day long. W. H. Berry, patrolman in Boston, Mass., says of Neolin-soled shoes: "My shoes with Neolin Soles serve me better than any others I have ever used. They keep my feet dry at all times, and do not slip."

When you buy new shoes, be sure they are Neolin-soled, and you, too, will know a better service from shoes. Moreover, these shoes are a real economy because of the extra wear they give. Most good shoe stores carry them in styles for men, women, and children.

And don't throw away your old shoes. Have them re-soled with Neolin Soles. Remember-these soles are flexible and waterproof, as well as long wearing, and are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to out-wear all other heels.

ANOTHER MOVE IN THE CITY LIGHTING MATTER.

The electric lighting system of the city of Paris was not cut off Saturday night, as had been forecast as an action of the Paris Gas & Electric Company, in their controversy with the city regarding the payment of

electric light and current bills. Circuit Clerk Will H. Webb was called upon Friday by Mayor E. B. January, in anticipation of such action on the part of the lighting company, and asked to issue an injunction restraining the Paris Gas & Electric Company or any of its employes from cutting off or interfering in any manner with the street lights in the city of Paris, pending a final settlement of the controversy. The injunction or restrain-

ing order was granted. Bond in the sum of \$5,000, with Catesby Spears, Jos. M. Hall and Dr. D. S. Henry as sureties, was executed by Mayor January. The case will come up before Judge Robert L. Stout, in the Bourbon Circuit Court, at a date to be determined upon later.

EST IN GARDENS.

Great interest is being taken by the pupils of the Paris schools in the school garden work, which will soon be under way, as the weather gives evidence of remaining settled enough for the purpose. A supply of seed sia is helping to settle the food sufficient to keep 1,500 children busy in garden work has been received from the Agriculeural Bureau at Washington. It is the purpose of the schools to have every child interested this year in garden Albert C. Adair, Etc.... Defendants work as a recreation, healthful work and as a means of producing

food stuff. Several teachers from the Paris City School have been in Lexington recently visiting the schools there and acquainting themselves with the school garden work as carried on by the Lexington pupils. Other teachers will visit other schools this week and everything will be done to have the best and most modern school garden supervision for the Paris City Schools. Prof. Matthews, Federal Director of School Gardens for Kentucky, will spend several days here this week. If you have an uncultivated garden, call the City School, and let the children have the use of the ground.
